Engage the booster rockets to manufacturing productivity in your business! **PiiComm Mobility Solutions** offers you a comprehensive, industrial-tested way to improve workforce productivity, automate data collection, minimize downtime and quickly produce ROI on mission-critical technology.

From food and beverage, pharmaceuticals and technology, to consumer products, warehousing and automotive—PiiComm develops mobile handheld solutions and services that are engineered to meet the needs of thriving manufacturers.

**Lean manufacturing & full service: PiiComm delivers.**

Empower your workforce company so they have the tools to make intelligent decisions quickly to serve customers and stakeholders, while streamlining your costs to keep your operations lean and competitive.

PiiComm helps you keep pace with those demands via handhelds equipped with RFID, real-time inventory and asset management, barcode scanning and printing.

There's more! When you choose PiiComm-powered mobility, you gain the convenience of our signature **JUMP pay-as-you-go plan**, designed for sensible support to your growing industrial operation. You also get the peace-of-mind of having PiiComm's unsurpassed customer care working for you and for your business.

A seamless, comprehensive solution designed to mobilize, empower and optimize your business: the way a mobility company **should** work for **you**.

## Engage the power of mobile technology throughout your operation.

### Improved workforce productivity.

Connect employees throughout your shop and at multiple facilities to real-time communications using PiiComm's wireless data and VoIP-enabled devices. Dispatch maintenance staff to fix production line problems, advise of safety issues and security breaches, issue notifications for production-related matters as well as emergencies. Problems are solved and decisions are made faster, thanks to PiiComm Mobility Solutions.

### Automated data collection and minimize downtime.

Avoid costly errors associated with manually based inventory and tracking. PiiComm-powered handhelds are equipped with barcode scanners and RFID to automate a series of mission-critical tasks. They also provide important new benefits, including real-time inventory updates, improved routing/product tracking, as well as a leaner inventory for greater overall efficiency in your operations.

### Intelligent labour tracking.

Maintain your competitive edge by tracking your labour costs at every step of the manufacturing process. PiiComm-powered mobility captures time and attendance of all workers on your shop floor and creates data for better decision making and planning.

### Produce ROI on mission-critical technology.

Capitalize on the cost savings of combining wireless data and voice on a single network—reduced infrastructure costs and the opportunity to engage a range of streamlining benefits. Build to scale. As more advanced devices are introduced, users can add more features, such as seamless roaming between WAN and WLAN networks on a single, convenient portable device.

### Front-of-the-line support.

Our [Mobile Service Desk](#) offers comprehensive coverage and support for all your mobile devices. You gain front-of-the-line support on all your [PiiComm-powered Motorola devices](#) including direct-line care from the manufacturer. That's valuable peace of mind you can count on.

### Find out more!

Discover how PiiComm-powered mobility solutions can **empower** workers and **optimize** your field services operation to a new level of service and sales. PiiComm business mobility experts are waiting for your call **today** at (888) 844 2007.

#### Leading Technology Partners

PiiComm Inc. is proud to partner with industry leaders of mobile hardware and software.

*"PiiComm has become the "GO-TO" partner for my important projects. They have the experience and depth of vision that I require on a day-to-day basis and I know they will be there when I need them. In a world where service is everything, the people at PiiComm understand what doing business is all about."*

—Robert Crooks,  
Ivaco Rolling Mills

*"I like the no bull approach PiiComm takes. If I need a quote, I get it within the hour and they don't try and sell me products our company doesn't need. It's obvious PiiComm has a really strong working relationship with their suppliers. We benefit in multiple ways from price to customer service. PiiComm goes the extra mile to earn your business, time and time again."*

—Tom Hickey,
